

DATA SHEET

EVO Ø160 **16.000 Lumen**

STAINLESS STEEL AISI 316L
ALUMINIUM 6082
AB2 ON REQUEST

The Sea Led Evolution Series is the new line of underwater lights by the Cantalupi Group. It's designed to achieve first-class lighting performance and to ensure the safety of the boat. This is a special fiberglass thru-hull product and it's up to 30 mm thick.

It can be disassembled from the inside to replace the lighting core.

3 different light cones are available.

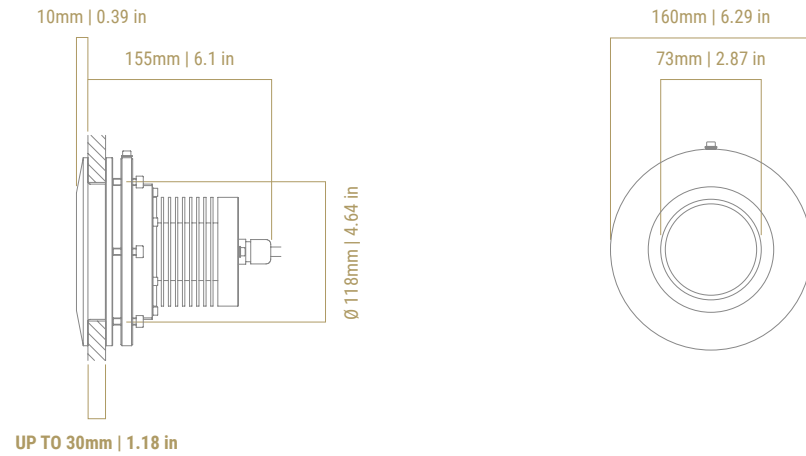

LIGHT TECHNICAL DATA

Power	96W
Current / Amp draw	2A @ 48Vdc
Fixture Lumens	16000 @ 70°
CCT	5700 K
Beam Angle (degrees)	wide 100° / medium 70° / narrow 35°
Power Supply	Available @ 110-220VAC or 24VDC
Dimming	DALI, DMX, MODBUS, (0-10)

FEATURES

Width dimensions	Ø 160 mm / 6.29 in
Light dimensions	165 mm / 6.5 in
Material	Steel/Aluminum/AB2 on request
Heatsink	Aluminum 6082
Glass	Protective Tempered Clear Glass
Protection	Yes
Water Ingress Protection Rating	IP68
Light Cable Length	3mt / 9' 8" (Standard)
